## LONG TALKS CUT SHORT.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
SAN FRANCISCO, Feb. 2.—It did not take long for Secretary of the Treasury McAdoo and Secretary of Agriculture Houston to hear all that the suffragettes had to say in their long talks with the cabinet members here today. The suffragettes were on their way to Los Angeles.

## CUT TALKS.

"We do not desire any argument to be made at these investigations," said Secretary Houston, when General McKee McClellan, a Seattle lawyer, asked permission to present an objection to the claims of the suffragettes, on behalf of the cities of the Northwest.

## FACTS AND FIGURES.

Business men, bankers and trade experts presented an array of figures intended to prove what was set forth on a large map; namely, that San Francisco is the commercial center of the Pacific Coast. The figures showed that this city represents 50 per cent of the business activity of the Coast, and 1-4 per cent of the population of the Coast.

## TO REACH HERE AHEAD OF TIME.

Secretary of the Treasury McAdoo and Secretary of Agriculture Houston will arrive here after 7 o'clock tonight over the Southern Pacific from San Francisco, and will be met by a special committee from the Chamber of Commerce, as well as by representatives from the clearinghouse associations of this city and Pasadena.

Supreme Court Decides Arizona Statute Is Ineffective in State Where Corporation Does Business.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
WASHINGTON, Feb. 2.—The Supreme Court held today that the provisions of Arizona law exempting private fortunes of stockholders from liability for an Arizona corporation's debts, were not effective in all States where the corporations do business.

Under the decision, the New York Federal Courts must proceed to try the suit of Frank N. Thomas of California against Conrad H. Mattheissen of New York for Mattheissen's proportionate share in the debt of the Westworth Hotel Company, an Arizona corporation, organized to build a hotel at Pasadena. The Supreme Court held today the case was controlled by a California law which provides that corporations of other States cannot do business in that State on terms other than that imposed by California on its own incorporations. Stockholders of California corporations are liable for the debts of the corporations.

# HONORING THE PROMISES OF THE JAMES SMITH CO.

One year ago we gave to the men and young men of Los Angeles certain promises, not lightly, but deliberately, not with mental reservations, but specifically.

Promises born of integrity, ability and a feasible intent. Of the tens of thousands who read our announcement perhaps a small few knew us intimately, knew not the manner of men nor the character of the new organization upon which this store was founded.

Yet did we ask faith of the people in our promises. We asked them to believe that this store would be conducted along lines such as to give to the men of Los Angeles the best high-grade store in all the Southland.

Each department showing the best products of America and Europe at the lowest possible price for dependable merchandise, giving you each season a complete new stock to select from, carrying over no goods from one season to another, a positive guarantee with every purchase of absolute satisfaction or your money back without quibble or question.

As to how well we have honored and redeemed those promises, not with palaver and flatteries, but with the goods, the wonderful growth of this business for the past year is proof. This store will continue to grow next week, next month, next year, and the years to come, for we are building on the solid foundation of the promises given at our beginning.

After our January Clearance Sale we have 1500 fancy and 400 black and blue suits. For a quick and decisive clearance of the entire lot we will on

Hamburg-American Line Receives Proposition to Continue Freight and Steamer Pools for a Month.  
[BY CABLE AND A. P. TO THE TIMES.]  
BREMER (Germany) Feb. 2.—A proposal to continue the freight and steamer pools between the trans-Atlantic lines until March 1, has been received by the Hamburg-American line by the North German Lloyd, the Red Star and the Holland-American lines in order to facilitate negotiations between the companies for a settlement of the trans-Atlantic rate war. No reply had been made by the Hamburg-American line late today.

HEAR OF PEACE OVERTURES.  
[BY CABLE AND A. P. TO THE TIMES.]  
BERLIN, Feb. 2.—Dispatches from Hamburg announce that several trans-Atlantic steamship lines have made overtures to the Hamburg-American line, suggesting that the conditions existing under the agreement which expired January 31 be maintained during February. On the receipt of this news, shipping shares, which at no time had been seriously affected by the prospective rate war, rose vigorously.

CUTS BEGIN AT NEW YORK.  
[BY A. P. NIGHT WIRE TO THE TIMES.]  
NEW YORK, Feb. 2.—All attempts to heal the breach between the North German Lloyd and the Hamburg-American lines having failed and the period covered in their agreement having expired on Saturday, January 31, the rate war for the trans-Atlantic steamship lines was said to be on. The first move in the war, effective today, is the reduction of steamer rates by the Hamburg-American line to 25 cents for all classes of vessels, a reduction of more than \$4 a ticket. This cut probably will be promptly met by the other lines.

Thomas versus the South Butte Mining Company.

REDMOND SEES BIRRELL.

And Thereupon London Hears a Report That the Irish Home Rule Question Is About to Be Settled.

(BY CABLE AND A. P. TO THE TIMES.)

LONDON, Feb. 7.—John F. Redmond, the Irish Nationalist leader, and Augustine Birrell, Chief Secretary for Ireland, were closeted with Premier Asquith at his official residence in Downing street today, and it was understood that the government had determined to make another effort to conciliate Ulster before the heated debates in Parliament fan into flames the admittedly dangerous situation in the northern province of Ireland. It is generally thought that Mr. Redmond holds the key to the position. The Unionists say they would not be surprised to see Premier Asquith resign, but they will not leave the home rule issue again reached, in case the Irish leader should refuse to make the concessions considered necessary by them.

Pretty Daughter of Seattle Lumber Dealer Tangers in Honolulu and Is Expected Before the Damsel.

End—Selling Into San Francisco Bay She Declares for a Divorce.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO BUREAU OF THE TIMES, Feb. 7.—(Exclusive Dispatch.) Tossing her wedding ring overboard as the Manchuria swung to her anchor in quarantine in San Francisco Bay this afternoon, Mrs. Leo A. Rosenfeld, a bride of less than a week, declared today she would seek a divorce as soon as she reached her home in Seattle.

She is the pretty daughter of W. C. Yeomen, president of the Lumber Manufacturing Association of that city.

The wedding took place in Honolulu, where the bride and groom were married on Jan. 25 at a reception and dance, where they tangoed together. Their engagement was announced before the dance ended.

A few days after the wedding, the bride was awakened at midnight to find the wedding ring missing.

The wedding took place two hours before the Manchuria sailed.

Rosenfeld admitted that they had quarreled all the way across, but he said they would be divorced.

He expects Yeomen, who was in Honolulu with the daughter, on the next ship, and says the trouble will be fixed up then.

She says no.

Rosenfeld is staying at the Palace Hotel. Mrs. Rosenfeld left for Seattle tonight.

THE ALIMONY ISSUE.

It Would Be Cheaper for the State to Pay Than Feed the Prisoners.

Says New York Sheriff.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Feb. 7.—Sheriff Miles S. Griffith, in a report to the board of estimate on the cost of maintaining the Ludlow-street Jail—the home of the "Alimony Club"—declared it would be cheaper for New York city to pay the alimony which the prisoners confined in the jail refuse to pay, allow them their liberty, and close the building, than to continue the present rate of expense.

His report shows that it costs about \$1.10 a day to house and feed each prisoner. Ludlow-street Jail has been given over almost entirely to the incarceration of men delinquent in their payment of alimony.

Conviction.

A DEMOCRATIC LEADER GUILTY OF BRIBERY.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Feb. 7.—Joseph Cassidy, until recently the Democratic leader of Queens county, was found guilty today by a jury in the Supreme Court of accepting a bribe in return for a judicial nomination given William Willette, Jr., former member of Congress, in 1911. The jury was out fifty-two minutes.

Both Cassidy and Willette heard the verdict calmly. Judge Jeyson announced that sentence would be imposed Wednesday.

Willette, who was convicted nine days ago of paying money for his nomination, will be sentenced tomorrow.

Cassidy was the final witness for the defense. He made a general denial of the charges. Willette did not take the stand at all, his counsel insisting he was entitled to immunity because of his appearance as a witness for the prosecution in Willette's trial.

## LITERACY TEST KEPT IN BILL

Amendment to Exclude Japs Is Modified.

Professor Prepares Another Plan to Suit President.

Proposes Limit to Immigration, Not an Embargo.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Feb. 7.—Final action on the Burnett immigration bill was postponed again tonight, when the House adjourned after voting down, 173 to 130, a motion of Representative Goldfogle of New York to eliminate the literacy-test feature of the measure. It was because of this provision that President Taft vetoed a similar measure passed by the last Congress.

While President Wilson let it be known today that while he would not make public his position on the literacy test, he was opposed to it, the committee of Congress, those who asked him privately for his views found that he was opposed to the proposition because he did not believe it was a fair test of character.

Tomorrow debate will continue on an amendment offered by Representative Hayes of California, which would exclude Mongolian, Malay and African immigrants. A modification of this amendment, introduced by Representative Lenroot of Wisconsin, adding the words "unless otherwise provided for by existing agreements as to passport or by treaties, conventions or agreements," was adopted just before adjournment by a vote of 111 to 90.

With this change the proposed legislation would not affect Japanese immigration.

Most of the Pacific Coast representatives voted for the modification, believing that it would be impossible to procure the passage of the original amendment. The vote was preceded by a lively debate, in which leaders on both sides of the House urged against any legislation that would conflict with international agreements or treaties.

Representative Baker of California voted against the amendment, stating that he had an understanding with the Immigration Committee under which he was not to press for the exclusion of Asiatics as a part of the Burnett bill on the condition that the committee would report out the pending drastic Asiatic exclusion bill as a separate measure.

Immigration plan which its author declares would conserve the material interests of the United States, and satisfy all foreign governments by splitting racial and ethnic discriminations, was proposed today to President Wilson and Secretary Bryan by Prof. Sydney J. Gulick, lecturer at the Imperial University of Japan.

Prof. Gulick said tonight that at the President's request he had submitted to him a detailed explanation of his proposed measure and had given details of his plan to the Senate Immigration Committee. Prof. Gulick advocates the limitation of all immigration to 5 per cent. annually of the number of foreigners already naturalized and their American-born children.

"This rate would allow all to enter this country who might come from North Europe," he said, "and would cut down immigration from the South and East Europe and allow only a slight immigration from Asia."

The 5 per cent. rate he asserted, would admit no more aliens from any country than the United States can properly assimilate and would solve the Japanese problem and would put America right with all Asia, and maintain and deepen international friendship."

MORE REBATING ALLEGED.

Senate Requests the Interstate Commerce Commission to Accertain If Railways Favored Steel.

(BY A. P. DAY WIRE TO THE TIMES.)

WASHINGTON, Feb. 7.—The Senate today requested the Interstate Commerce Commission to investigate charges that rebates have been received from the railroads by the United States Steel Corporation.

The Senate's action was taken on a resolution by Senator Norris, offered as a substitute for one by Senator Lamar, which had passed in bitter debate in which David Lamar was named as its author. Lamar, named on the floor as the "wolf in sheep's clothing," watched final disposition of the resolution from the Senate gallery. Lamar's demand some time ago that the Interstate Commerce Commission permit him to name counsel in proceedings to take the evidence of rebates as to alleged rebates, William Greer as to alleged rebates, was the commission to refuse a hearing.

SCHMIDT DEFENSE RESTS.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Feb. 7.—The defense rested today in the second trial of Hans Schmidt, the former priest who is accused of murdering Anna Amulder, whom he had married by self-performed ceremony.

Summing up will begin tomorrow after the prosecution has recalled two allegists who testified that Schmidt was not inmate.

ONE DEPUTY ABSENT.

Trial of Six Men Charged With Murder of Two Striking Copper Miners Begins at Houghton.

(BY A. P. NIGHT WIRE TO THE TIMES.)

HOUGHTON (Mich.) Feb. 7.—Only five defendants responded when the case of the six deputies charged with the murder of two striking copper miners was called in the Circuit Court today and the \$5000 bond of Thomas Raleigh, the missing defendant, was forfeited.

Counsel announced that the other men were ready to go to trial and the case proceeded. Difficulty was encountered in obtaining unbiased jurors and when court adjourned tonight eleven men occupied seats in the jury box, but neither side had exercised any of its peremptory challenges. As the regular panel was exhausted, Judge R. C. Flannigan ordered a special venire of 100 men to be called.

Raleigh was at liberty under \$10,000 bond, but only half the amount was forfeited, because the accused deputies are to have two trials, one for the murder of each of the slain men.

The men on trial are James Cooper, William Groff, Arthur Davis, Harry James and Robert E. Flannigan. Raleigh, Cooper, Groff and Davis are employees of the Waddell-Mahon Corporation of New York; the other two are deputy sheriffs employed by the county.

A resolution was adopted endorsing social welfare work among miners, directing the various districts to investigate the needs of the miners and to make arrangements for the benefit of the Michigan copper strikers.

**A Case Where It Appears Two Men Have One Thumb Markings.** [New York Sun:] Can the two men whose finger prints are identical be brothers? It is only one chance in billions. J. McClaughry, special agent for the Department of Justice, who is in print expert for the department offices in the United States post office at Leavenworth, Kas., there cannot be any, and this is a mystery which officials in the Bureau are trying to solve.

Jeffries, a negro, was arrested at the Leavenworth from Danville, Ill., to serve a term of five years for a burglary. It was learned that he was a parole violator from the State, Ill., penitentiary, and that he had been in prison with other negroes were released. Jeffries was promptly rearrested and taken to Chester.

Near Jefferson City the slow downed and Jeffries was taken to a hospital at Jefferson, Mo., where he died. He was then taken to Chester.

McClaughry, who had the finger prints taken from criminal records, found that one set was given as George and the other as Jeffries. When he was sentenced to serve five years in the Oklahoma penitentiary, the State's agent immediately responded even to a scar on his right hand.

McClaughry communicated with the warden of the Chester prison, asking whether he had been in prison when released. He received a reply that Jeffries still was in confinement. He had been on September 1, 1912, and was taken to have arrested in Oklahoma.

This brings up the puzzle of whether the agent is asking a question whether Jeffries was man arrested at the prison or whether he was taken from the train at Jefferson. Some other negro was not taken through a mistake in identification. The agent of the finger-print system is in that no two men, so far as is known, have the same prints. He found with the same prints on the balls of the hands of the two men.

To be the case and even though he identified himself as no man, a black-print system that he had found for the finger prints of criminals. All of the clerks in the prison, however, had the prints of one of the men. The prints of one of the men were one of the men, and the other, Reno, record clerk, is also one of them.

**SAVAGE IDEA OF THE SHADOW.**

Curious Belief of the Papuans of the Diabombed Spirit.

Around and Follows People [New York Sun:] Some curious conceptions of the Papuans with regard to the shadow described by Dr. G. Landman, an anthropological section of the American Association. It appears that the shadow of a man has three or four meanings. It may be a shadow, a reflection in the water or a picture.

The shadow idea is the one closely associated with the belief that a man's shadow can steal a man's soul by catch shadow. To do this the Papuans bring with a piece of bamboo.

At night time he follows him until he sees him throw a shadow. He then takes a stick and "picks up" the shadow in his hand, and, having plunged it into the water, he is assured. If his desire should be the body of the man whose shadow has thus captured, all he need do is to throw it into the water.

When a soul comes out of the body to which it belongs, it is said to be a "ghost" or "spirit." The appearance of a living man's shadow is a sign of a living man's soul. Sometimes a man's soul, which forbodes his death, it happens that the dead man's shadow is seen on a hunting or fishing cause mischief to the man. In the case of a man whose shadow is seen, a man may jump out of the water as shown by the fury of thought, and it has in certain cases been known to kill.

For the same reason the shadow of a murderer comes out of his body and is seen by the victim at night. Pigs and dogs, and at all events, in some cases, when killed, go to the spirit world. Those are the various indications only as to the extension of the belief in the shadow.

**THE HEALTH/EST ZONE.**

Home of the Best Physical and Mental Health in the World.

Greenville People in the World (Louisville Courier-Journal) Louisville is another example of a city which has experienced the greatest summer of 1912, the driest and hottest for many years. The winter of 1912-1913 was the coldest experienced for five or thirty years. The summer of 1912 was the rainiest on record, and the winter of 1912-1913 was the driest in history. The summer of 1912 was characterized by the greatest drought the oldest living man has ever known. The summer of 1912 was the greatest storm and the greatest heat that any one has ever known. The summer of 1912 was the greatest storm and the greatest heat that any one has ever known. The summer of 1912 was the greatest storm and the greatest heat that any one has ever known.

#### Chinese New Year Time.

Chinese residents of Los Angeles celebrated their new year Sunday night, but the festivities were tame compared to those of former years. The houses were hung with lanterns, and the Kong See Long Society fired off a few barrels of firecrackers, but there were no crowds in the streets and not much interest taken by the Chinese themselves. Since the new government went into power in China the new year rites have lost much of their importance. Local Chinese observed the Christian new year a month ago.

The solicitors went to work at 10 a.m. and reported \$1422 at noon. The results were reported each day at noon.

W. J. Hale, president of the association, and Mrs. W. A. Moses, secretary, were in charge of the work. Following them were the treasurer and the secretary.

No. 11 made the high record for the first two hours. The quick response of the teams went on with map and vim and that a hearty response from the public.

# For City Hall.

(Continued from First Page.)

to be set by the city officials themselves, and that possession of the property would be a matter of public record. The city officials would be given within thirty days. He invited the Councilmen to confer with Dr. J. H. Bullard, agent for the property, at 2 o'clock.

THE CONFERENCE. Councilmen Conwell, Betkouski and Bryant, members of the Supply and Efficiency Committee, to which is referred the subject of securing more room for the city officials, and Councilmen Wheeler and Snowden met with members of the Civic Center Association and Dr. Bullard at the city hall.

Dr. Bullard stated that the owners of the property would be willing to enter into a contract for the sale of the property on payments extending over a forty-year period, with interest at 4 per cent per annum on deferred payments, but that the only way the property could be secured was through condemnation proceedings. As to a rental price, he was not prepared to set any figure at this time.

He stated the possession could be given within a comparatively short time of all the space except that occupied by the city hall. The necessary funds to secure the Bullard block he leased. It was pointed out that there are now in the Bullard block three fireproof vaults. The Councilmen made a general inspection of the building and requested that a definite proposition be submitted in writing.

This proposition will be submitted today or tomorrow, either in the name of the Civic Center Association or by Joseph Meemer.

PLENTY OF ROOM. Investigation showed that the Bullard block, which is bounded by Spring, Market, Main and Court streets, would afford 64,020 square feet of floor space on its six floors. The basement floor is practically as good as those above, and only about 4000 feet would not be usable for office purposes. The top floor offers admirable facilities for the City Engineer's drafting department, and there is room in the building for practically all of the city offices.

The building has a frontage of sixty-nine feet on Spring street, seventy-four feet on Main street, 169 feet on Market street, and 174 feet on Court street. It was erected on the site of the old Bullard block, which was destroyed in 1895-6 and was opened in May of 1896. Bullard is now a resident of Boston and is in his ninety-second year.

The Supreme Court has its quarters in this building, as has also the State Railroad Commission, but arrangements have been made to provide them rooms in the International Bank building should the city lease the Bullard block.

ASSESSED VALUATION. On the city's assessment roll the Bullard block is assessed for \$143,000. There is on a basis of 50 per cent of the full valuation, which would make the property's actual value \$286,000. Were the city's award be even \$200,000, the city would only have to pay \$12,000 a year interest, which would be far less for quarters that would house the entire city administration than is now being paid for rentals for outside offices.

The statement of the Southern Pacific and William G. Henshaw, city administrator, however, that property in this locality on Main and

Spring streets, is valued at \$3500 per front foot.

At this conference the offer of an advance of money from citizens to the city for the purpose of securing the lease and purchase of the property, or for the erection of a structure on the Temple-block site, was renewed. Joseph Meemer, who announced that he was authorized to state that citizens would advance such money as was necessary to carry through the project and that the city could pay this back in installments.

THE LEGAL ASPECTS. This brought forth a discussion of the legal aspect of the questions involved, and the City Attorney will be asked for advice as to what steps the city could take should the Council decide to proceed along the lines suggested.

Under the law the city has the right to condemn property for public use, but a company or corporation, not a public utility corporation, could not have this right, and the court would have to decide the money. The city cannot secure money except by direct taxation or the issuance of bonds, nor can it enter into obligations for any amount larger than its income for the year. Just what plan could be evolved whereby the city could take advantage of the offer that citizens will supply the necessary funds to secure the Bullard block is one that will require the City Attorney's office to turn the midnight oil.

Councilman Betkouski was much impressed with the proposal to use the Bullard block as a temporary City Hall while a permanent structure is being erected on the Temple-block site. "It is the best proposition we have yet had," said he. "We can keep faith with the people who helped the city to secure the Temple block, and we can provide a place where all departments of the city government may be assembled. It looks to me like a sensible proposition."

# 1991 New Accounts

Opened in January

During the month just closed, the remarkable total of 1991 New Accounts were opened at this Bank. This establishes a Record for any month in the Bank's history. It represents a gain of 10 per cent over January, last year, an increase of 5 per cent over January, 1912 and an excess of 10 per cent over January, 1911—the latter two being very prosperous business years.

This remarkable increase is significant, pointing unmistakably to the beginning of a return to normal prosperity in the Southwest. Furthermore, this large number of New Accounts in a single month furnishes convincing proof of the Public's preference for a Bank that conserves with absolute Safety the funds entrusted to its care and employs unvarying Courtesy in its dealings with Patrons.

If this small army of New Depositors—nearly two thousand—were to pass before you in a body, you would see evidence of wealth, of moderate circumstances, of poor circumstances—you would see men, women and children of all ages and stations in life—who chose the German American Bank because its Service and Facilities meet the requirements of everyone.

Let us serve YOU.

The services of this Bank comprise Departments for Savings and Commercial Accounts, paying 4 per cent, 3 per cent and 2 per cent interest, according to the class of account; our Trust Department handles all court and private Trusts; our Safe Deposit facilities are modern and impregnable.

## "KISMET" IS INCOMPARABLE.

Otis Skinner Steps at Once Into the Classic.

"The Firefly" Scores Hit at the Majestic.

Trentini's Voice Exceeds All Expectations.

BY HENRY CHRISTEN WARRICK

A white night descended upon Los Angeles to complete the magic of "Kismet"—the magic of a white night to match the oriental splendor of a play woven of green stuff. The soft enveloping splendor of a magnetic, absorbing night falling like a curtain over the last scene of an unforgettable play.

So, at the Mason does Otis Skinner step from the romantic into the classic. There are ten scenes to the piece, each incomparable in their peculiar eastern richness. What depth and complexity of scenic effects, what witchery of mysterious personalities, redolent of East and age; what riot of color inspiring feeling, what mass of feeling plunging into riot of color.

Even its dungeons are magnificent. For the description of a setting of this sumptuousness one needs words turn to jewels as God might spill the carols as these stars, flung out new suns or ribbon fresh-made skies with rainbow strands or anuried milky ways.

The scenery is a chamber of the Calipso is like a court of Solomon. The splendid Nubian is a savage echo from the depths of time's forgotten and abyssal tombs. The music is the enchantment of lost lands.

The plot is hot with those fierce passions that belong to warring sands, to manhood of shining sword and heart-beat secrets to men of savage men who, as Shakespeare has it, dared to "shake wild laughter in the throat of death."

"Kismet" is what the twentieth century ought to picture of the past and Otis Skinner strides through his swinging lines with the majesty of a king of drama. His presence is his own purple and ermine and the golden lure of his voice is his glittering crown.

There is about "Kismet" a pervading and compelling atmosphere which draws one into its dream of strange and beautiful things. It carries a conviction of a past we may never have had until it has the heart and hurts the brain like something the soul cannot efface, yet which swims just beyond the finger's tip of memory. It has a spell of dim wonder like a moon-fringed storm.

What a people they were, those swarthy princes and beggars of the Orient, plotting and praying in the same breath, asking of Allah the things to be needed for life and death alike with a scorn befitting manhood in the flower of a resolute maturity.

Not that the production is not lovely in spots. Indeed, it strikes in not a few places, the yellowish of yellow, the mellowness of mellow, and the richness of the color like the good tobacco we never get.

The women have no sense of humor about their own beauty and the men have no sense of their own power. The women have no sense of their own beauty and the men have no sense of their own power.

The women have no sense of their own beauty and the men have no sense of their own power. The women have no sense of their own beauty and the men have no sense of their own power.

take it from him, but only accepts it in marriage, some operatic stars being as conventional as that.

This leading man is Craig Campbell and his opposite is Melville Stewart. Both ornaments the company with some volleys of song.

A jolly little couple are Betty Bunnell and John Hines as Susette and Pietro. In spite of their American names, they would seem to be Italian. Their art is too natural not to be native. Indeed, the company has a delightful sprinkling of Italian as where the spirit of poetic words a kiss on the breeze in a perfectly seasoned dish.

Vera de Roma is one of the attractive soloists and others are good. The dances between Susette and Pietro are among the show's best features. Of course, Trentini is her animated little self, ill-fitted in form with the voice of a golden glint. It has the glow of sunset and fire and is not a little like the speaking voice of Bernard. She has a pretty haste in speech and a swiftness of motion.

Even its dungeons are magnificent. For the description of a setting of this sumptuousness one needs words turn to jewels as God might spill the carols as these stars, flung out new suns or ribbon fresh-made skies with rainbow strands or anuried milky ways.

"The Mikado," and Rose Ivy Lee also is a singing sensation.

Two trice, though widely different, are on the bill. One, the Lone Star, is a delicious blend of melody and comedy, while the other, the Apollo, does some back-breaking, stomach-crushing stunts that are amazing.

One of the best offerings on the bill is that of Huron Hyden and Jane O'Rourke, who come to the stage with a concerning a jealous husband is great and incidentally affords the handsome Jane a chance to wear a gown that is simply ravishing.

Murphy, the comedy juggler, and some splendid motion pictures complete a capital bill.

**Little Theater.**—The "Pigeon" attracted another generous-sized audience last night in the Little Theater—an audience that enthusiastically applauded the splendid acting of the Little Theater organization and seemed to find many new beauties in the Galsworthy fantasy. The reception that has been accorded to "The Pigeon" makes it appear that there are many playgoers in Los Angeles who care for the better form of the drama—those who like plays that have a literary value quite aside from their dramatic worth.

"The Pigeon" is a capital example of this type of the modern drama just as next week's offering, "Anatol," will disclose a comedy that is full of brilliant satire, irreverent frolics and a touch of the "old degree with Viennese piquancy and spice, and all in all providing an enjoyable evening of club women's entertainment that ought to appeal to every lover of drama.

There will be matinee performances of "The Pigeon" Thursday and Saturday, for which the members of the Little Theater have secured seats in sections of the theater that have been reserved for the members of the Little Theater organization that are vitally interested in modern plays.

**Woodley Theater.**—The new offerings at Woodley's Theater on Broadway, opposite the Majestic, which were thrown on the screen yesterday proved to make up a capital bill, which, combined with a brand-new musical programme by C. Perival Garra, afforded Woodley patrons a decided treat.

The feature film is called "The Heart of Woman." It is a three-reel story of more than ordinary compelling interest, and tells a story that cannot help but appeal to every lover of all that is dramatic and all at the same time human.

Then, too, the third of the series of "Mystery Girl" films is presented, and more than justified her sobriquet of "the most popular maid in the series."

Of course, there is a Keystone comedy, too, and it is one of the funniest yet.

**Mosart.**—There are two big features attracting capacity houses at the Mosart this week. "A Winter Tale," Shakespeare's famous winter drama, produced at great expense by the Milano opera, is being shown for the first time in the city. It is in three reels and represents the apogee of the motion picture art. The acting is taut and dramatic, the situations are worth while, and in some scenes several hundred persons participate.

Another big feature is a three-reel drama of the sorrows of Siberia, "Oiga."

**Standard of Variety.**—The "Standard of Variety" is a new feature at the Mosart. It is a three-reel story of more than ordinary compelling interest, and tells a story that cannot help but appeal to every lover of all that is dramatic and all at the same time human.

**Recent Wedding.**—An interesting wedding of last week took place last Wednesday at the home of Mrs. Ella Wall of West Forty-seventh street, when her daughter, Miss Benetta Whipple, was united in marriage to T. Victor Smith. The bride carried a white prayer book with a shower of white hyacinths and maidenhair fern. The decorations were attractively carried out, the living-room was a veritable garden of yellow acacias, while the dining-room, in which a wedding breakfast was served, was fragrant with pink roses and carnations. Only the immediate relatives of the bride and groom witnessed the ceremony. The bride's cousin, Charles Underwood, of North Yakima, Wash., gave her away, and Rev. Baker P. Lee officiated. The couple left immediately for a short honeymoon to Beverly Hills, Riverside, Redlands and Arrowhead.

**Bride Honored.**—Mrs. P. R. Haber entertained with a tea last Thursday afternoon at her home, No. 1743 Westmoreland boulevard, in honor of Mrs. Hugo D. Benish of New York City, who is spending a few days here while on a bridal tour through the country. The hostess was assisted by Mrs. P. R. Haber, Mrs. J. I. Preluzsky, Mrs. A. B. Cummins and Miss Sayde Haber. Rev. Baker P. Lee officiated. The spring blossoms formed a mound in the center of the tea table.

## The Firefly.

A little peach in a little classic is Emma Trentini in "The Firefly," which opened at the Majestic last night. She has had a wonderful singing company which is a curiosity in the absence of any vividly attractive or unique personality among the actors. The company has an immense punch without any individual stars. Its members harmonize well and the chorus is gratifying.

Two of the characters have a happy touch, though it is as much the fault of the author as their own. Oscar Figman is an angular Jenkins of sad complexion and mournful sideburns. He looks like a missionary in distress, but has a job being a secretary and regards himself as a sort of evil necessity of at least in the neighborhood of the unbecoming classification by which he is afflicted with the name of Jenkins. He is too old to recover from either.

The other picturesque personality is William Wolf as Harry Frans, a boy and a girl who is loved by a girl and a boy. The plot of "The Firefly" is that a little Italian girl goes aboard the vessel as a cabin boy and when the vessel is attacked by a pirate ship, she is arrested as a male pickpocket while acting as the chambermaid of an American lady in Bermuda. She is compelled to reveal her delicate situation.

This breaks Harry Frans all up in his head. He is loved by a girl and a boy and was disappointed in her as a girl. To get revenge he makes her a great operative star.

She has already stolen the heart and some kisses of the leading man who sings very well and who is engaged to the girl. After she is among the stars she also steals his hand and takes his good name. She does not

take it from him, but only accepts it in marriage, some operatic stars being as conventional as that.

This leading man is Craig Campbell and his opposite is Melville Stewart. Both ornaments the company with some volleys of song.

A jolly little couple are Betty Bunnell and John Hines as Susette and Pietro. In spite of their American names, they would seem to be Italian. Their art is too natural not to be native. Indeed, the company has a delightful sprinkling of Italian as where the spirit of poetic words a kiss on the breeze in a perfectly seasoned dish.

"Trunked," in which the noted comedian has the title role. The picture is realistic in the extreme and is a new seven-act production of the Clune Theater.

Clune's "The Girl at the Curtain," a real comedy drama of unusual interest, is entertaining the crowds at Broadway Theater this week. Headlines a motion picture of the same name. There is not a foot of film from the first scene to the last and the producers have made the title of laugh-makers of the situation are remarkably the character impersonations the ordinary and altogether has a comedy this week.

There are a number of other wide features, including several real dramatic, scientific, and some down-to-date films and newly selected Clune Theater.

A really remarkable film is presented at Miller's, between Ninth and Tenth streets, on Main. It is "The Lion and the Mouse," a comedy drama by Klein, in which Annie Russell, one of her greatest successes, faithfully reproduces the scene. It proves every whit as interesting as the prototype, the picture is out many call it a masterpiece, which necessarily suffered in the final production on account of the situation of the stage.

Appear at Auditorium.

Helen Keller will pay her first visit to Los Angeles next month, the subject of the Los Angeles Teachers' Club. Arrangements for her appearance here were made last night at the monthly meeting of the executive board, and the woman, who through almost human effort fought her way to the position which is the envy of thousands of her physically handicapped sisters, will appear at the Auditorium Theater March 1. Miss Snow Douglas, chairman of the Programs Committee of the club, is in charge of Miss Keller's visit. "I want to visit the sunny California I have heard so much about," Miss Keller said last night, and her teacher and companion, Miss Sullivan Macey, and from the arrangement which occurred last night.

Hugh Drury,  
The sensation of the season, shooting one of his eight goals in the game between Coronado and the Freebooters at Riverside yesterday.

"SNOWY" BAKER  
TEMPTS CHAMP.

Offers Ritchie Fat Purse for  
Three Bouts.

But Willie Wants to Fight  
Here First.

Australian Promoter Is Now  
After Clabby.

IT WAS A TEMPTING PROPOSITION  
that Manager Harry Poley, who re-  
presented the champion at the after-  
noon conference, delayed giving a  
definite answer until 1 o'clock tonight.  
In the end Ritchie refused to accept  
so early a date as April 4, for he ex-  
plained, he has a match already sched-  
uled with Tommy Murphy in San  
Francisco for April and he has other  
attractive bouts offered for March in  
Milwaukee and San Francisco.

WOULD LOSE TIME.  
In order to go through with the  
proposed match in Sydney, Ritchie  
would be forced to take the steamer  
which sails from San Francisco on  
February 10. That would bring him  
into Sydney on March 1 and at 10  
a.m. on April 6 he would step into the  
ring against the Australian light-  
weight. He could catch a steamer  
three or four days after the bout, but  
even then Ritchie would lose almost  
three months of valuable time.

Ritchie's plans are to try out his  
injured heel slowly and by Wednesday  
or Thursday give it a thorough test  
and then proceed in accepting  
matches. Tom Andrews, the Milwau-  
kee promoter, wants his answer for a  
ten-round contest with Ad Wolgast  
next month at a fat guarantee. So  
later tonight, and Louis Paine is  
holding open his offer of \$1500 for  
the champion to meet Joe Assevedo in a  
ten-round, no-decision go in San  
Francisco in March.

If all goes well, Ritchie may accept  
the Milwaukee offer in early March  
and later in the month go through  
with the Paine proposition, and then  
in April he will be ready for his  
delayed battle with Tommy  
Murphy.

MIGHT GO LATER.  
While intimates that when he cleans  
up that schedule he would not be  
averse to listening to the Australian  
promoter, "Snowy" Baker says there  
is no hurry in accepting his propo-  
sition and that he will likely get to-  
gether with the champ at a later  
date.

"I am exceedingly anxious to secure  
Champion Ritchie for an Australian  
engagement for I feel certain he  
would prove a big attraction over  
there," says Baker. "I realize his po-  
sition here, and simply made by of-  
fering him a big prize. He is a  
champion, and especially fellows of  
Ritchie's type, who are bound to be-  
come favorites and big drawing cards  
in Australia. Failing to get Ritchie,  
I will now go after Jimmy Clabby, and  
I will leave Tuesday for Los Angeles. I  
want to stage Clabby vs. McGuffey for  
the middleweight championship of the  
world. I am also negotiating for  
George Carpentier to go against Mo-  
gan." (Continued on Second Page.)

COULON WANTS  
MORE MONEY.

CHICAGO, Feb. 2.—[Exclu-  
sive Dispatch.] Johnny Coulon  
today signified his will-  
ingness to meet Kid Williams of  
Baltimore for the bantamweight  
championship in a twenty-  
round bout to be staged at Los  
Angeles, but insisted that Wil-  
liams's manager make good the  
offer he recently made to give  
Coulon \$1000 for taking part in  
the contest with the Baltimore  
scrapper.

SOME CHAMP.

KILBANE BEATS  
UP EDDIE MOY.

FEATHER CHAMP IS MUCH TOO  
GOOD FOR HIM.

Kilbane Knocks His Opponent  
Down in the First Round, but Is  
Unable to Land a Knockout—Had  
the Bout All His Own Way from  
the Start.

PHILADELPHIA, Feb. 2.—[Exclu-  
sive Dispatch.] Johnny Kilbane, twice  
winner of the Vanderbilt, left Chicago  
today for Los Angeles where he will  
appear for the annual Vanderbilt and  
Grand Prize races at Santa Monica.  
Grant, who purchased an Isotta in  
1913 and a Sunbeam this year, will  
enter the machines in all the big  
speedway and road events during the  
coming season.

The Sunbeam which Grant has been  
tuning up on Long Island for the last  
month, is said to be one of the fastest  
cars ever brought to this country.  
The machine is well under 450 cubic  
inches piston displacement, which al-  
lows its entry in all of the big events.

The report came out of New York in  
the afternoon, no cause being ad-  
vanced, but this afternoon McFarland  
did not go through his customary  
training stunts.

Emil Thiry, his manager, said the  
reason for this was that Packy was  
suffering from a headache. But Mc-  
Farland in explaining his reason for  
not working, told a friend earlier in  
the afternoon that the go was pos-  
tponed. Packy said this at 3 o'clock.  
The story came out of New York  
at 2:40.

Why Gibson waited until this late  
date to postpone the contest caused  
a heap of gossip here and this  
was helped along by various reports  
circulated in Chicago in the last  
twenty-four hours. If McFarland  
knew the match had been postponed  
before the story was received in Chi-  
cago, where did he get his informa-  
tion?

The first report which gained  
prominence here was to the effect  
that Mike Gibbons held a secret con-  
ference with McFarland in Chicago  
last Tuesday. This was denied by the  
Stock Yards boxer.

TRACK SCHEDULE.  
The Athletic Council of Southern  
California, which was organized to  
handle the intercollegiate sports of  
the south, has completed its spring  
schedule, which reads as follows:  
Annual track meet, Y.M.C.A. field,  
March 28.  
Swimming meet, L.A.C. tank,  
April 17.  
Tennis tournament, Pasadena, May  
16.  
In baseball all leagues must com-  
plete their schedules on or before  
May 16.

cago Nationals and formerly with the  
local Federals. This was announced  
by President Murphy, who  
ascribed to a misunderstanding the  
news that Peter Kelley of Boston  
would take Williams's place.

NEW FIELD FOR  
CLIFF-DWELLERS.

Los Angeles High has discovered,  
during the recent downpour, that her  
new athletic field would also be high-  
ly satisfactory as a swimming tank.

However, the above holds true only  
for certain seasons and the hill-  
toppers are watching the develop-  
ment of their latest acquisition with  
an eager eye.

Track training for L. A. students  
began at the first of the year, when  
all aspirants were required to in-  
terview Coach Goddard and have a  
set of preparatory exercises pre-  
scribed.

The backbone of this year's squad  
will be Capt. Ray Dill, while Clem-  
mer Johnson, of spirit fame, will  
manage the team and act as assistant  
coach. The following meets are  
scheduled:

Passadena High School, February  
7; Occidental Relay Carnival, Feb-

February 28; San Diego, March 7;  
Black and White, March 14; City High

CHICAGO, Feb. 2.—[Exclu-  
sive Dispatch.] The scheduled ten-round bout  
between Packy McFarland of Chi-  
cago and Mike Gibbons of St. Paul  
has been postponed until March—or  
called off.

Just what is responsible for the  
failure of the contest to go through  
on February 13, the date set several  
weeks ago, remained a secret tonight.  
The report came out of New York in  
the afternoon, no cause being ad-

IT WAS A TEMPTING PROPOSITION  
that Manager Harry Poley, who re-  
presented the champion at the after-  
noon conference, delayed giving a  
definite answer until 1 o'clock tonight.  
In the end Ritchie refused to accept  
so early a date as April 4, for he ex-  
plained, he has a match already sched-  
uled with Tommy Murphy in San  
Francisco for April and he has other  
attractive bouts offered for March in  
Milwaukee and San Francisco.

WOULD LOSE TIME.  
In order to go through with the  
proposed match in Sydney, Ritchie  
would be forced to take the steamer  
which sails from San Francisco on  
February 10. That would bring him  
into Sydney on March 1 and at 10  
a.m. on April 6 he would step into the  
ring against the Australian light-  
weight. He could catch a steamer  
three or four days after the bout, but  
even then Ritchie would lose almost  
three months of valuable time.

Ritchie's plans are to try out his  
injured heel slowly and by Wednesday  
or Thursday give it a thorough test  
and then proceed in accepting  
matches. Tom Andrews, the Milwau-  
kee promoter, wants his answer for a  
ten-round contest with Ad Wolgast  
next month at a fat guarantee. So  
later tonight, and Louis Paine is  
holding open his offer of \$1500 for  
the champion to meet Joe Assevedo in a  
ten-round, no-decision go in San  
Francisco in March.

If all goes well, Ritchie may accept  
the Milwaukee offer in early March  
and later in the month go through  
with the Paine proposition, and then  
in April he will be ready for his  
delayed battle with Tommy  
Murphy.

MIGHT GO LATER.  
While intimates that when he cleans  
up that schedule he would not be  
averse to listening to the Australian  
promoter, "Snowy" Baker says there  
is no hurry in accepting his propo-  
sition and that he will likely get to-

today signified his will-  
ingness to meet Kid Williams of  
Baltimore for the bantamweight  
championship in a twenty-  
round bout to be staged at Los

Night Wire.] Ed Kinsella, formerly pitcher with the St. Louis Cardinals, and last season with Venice, Cal., in the Pacific Coast League, signed a contract today for 1914 with the Des Moines, Western League team, refusing a flattering offer from the Federal League.

With any other manager but McGraw at the helm, the Giants never would have been in the race last year.

The houses are built, four in a block at the corners of four streets, affording companionship and security to be derived from own and machinery in common. The colony has its own school, cemetery, a farm manager and maintains a general store where goods are sold and delivered.

Each member is required to buy a certain amount of stock, the worth of stock. He is then permitted to buy a farm at cost, including a house, outbuildings, machinery and stock. He pays 5 per cent down on the amount and is allowed to liquidate this indebtedness by turning over half of his crop each year.

The money to finance the colonies is provided by wealthy Jews in various parts of the country, who buy government's bonds at 4 per cent.

There is a difference between the raises of the colonies, Brown says, is sufficient, in the worst case, to pay all operating and other expenses.

Some of the bonds sold to finance the colonies were placed in the hands of San Francisco and Brown received subscriptions and assistance for further support since he came here last week. He believes that the number of bonds can be increased and colonies can be established in this state on similar lines to that of the Jews.

One of the Jewish laborers here, Brown says, is that the Jews have the desire to get ahead rather than in shops, in that the Jews do not concentrate sufficiently to enable them to have their own synagogues and church life.

Mark, a negro, 25 years old, killed Anna Peery, also negro, in his room at No. 2794 Broadway street, yesterday afternoon. He turned the weapon on himself and attempted to commit suicide, but was taken to the County Hospital for treatment.

**MURDERER FINED.**  
C. Dewar, about 15 years old, was fined yesterday by Judge Brown in the United States District Court on his plea of guilty of sending a woman letter through the mails.

The boy's father was in court, but he had not that amount of money to pay the fine, so the court ordered that the boy be put in the workhouse for next Monday for a re-imposition of the fine, when the father has to come to settle.
